SUPERGLUE DE-BONDER

Colour	Product Code	Pack Size	Box Qty
-	DEBONDER	20ML	10

Product Description
EVERBUILD SUPERGLUE DE-BONDER is a solvent based liquid for de-bonding all types of cyanoacrylate based superglues. De-bonder works on most common surfaces including skin.

Benefits
- Works on glass, plastic, rubber, brick, stone, wood and laminates.
- Fast acting formula
- Can be used on skin (when applied as directed)

Limitations
- Do not use on bitumen.
- Do not use on painted surfaces.
- Do not use on polycarbonate or other sensitive plastics.
- Do not use on plated or anodized surfaces.
- Always test a small inconspicuous area prior to full application.
- As the manufacturer cannot know all the uses its products may be put to, contact technical services for advice if in any doubt.

Application
Remove cap from bottle and cut off end of nozzle using a Stanley Knife. Gently squeeze bottle over surface to be de-bonded. Apply 3-4 drops to glue line and leave for 30 seconds. Repeat if necessary. Wipe away excess with a clean cloth.

When using on hands follow same procedure as above. Wash immediately after with warm soapy water and apply suitable moisturising cream to area. Do not use on broken or sensitive skin.

Health & Safety
Consult MSDS for full list of hazards.

Storage
Store in cool, dry conditions between +5 and +25˚C. Ensure good ventilation. Storage outside these parameters will dramatically reduce shelf life.

Shelf Life

12 months from date of manufacture when stored as directed.

The technical data contained herein is based on our present knowledge and experience and we cannot be held liable for any errors, inaccuracies, omissions or editorial failings that result from technological changes or research between the date of issue of this document and the date the product is acquired. Before using the product, the user should carry out any necessary tests in order to ensure that the product is suitable for the intended application. Moreover, all users should contact the seller or the manufacturer of the product for additional technical information concerning its use if they think that the information in their possession needs to be clarified in any way, whether for normal use or a specific application of our product. Our guarantee applies within the context of the statutory regulations and provisions in force, current professional standards and in accordance with the stipulations set out in our general sales conditions. The information detailed in the present technical data sheet is given by way of indication and is not exhaustive. The same applies to any information provided verbally by telephone to any prospective or existing customer.
