

DESCRIPTION

With excellent grip in oily conditions, smart touch capabilities and an ultra-dextrous 21-gauge liner, Blackrock's TechGuard Pro glove enhances protection by featuring a hi-tech process that winds liner fabric around steel fibres, giving high ISO cut Level D protection. The Dura Patch reinforcement protects the vulnerable thumb/forefinger webbing, extending the glove's life.

SIZES

UK 7-11

STANDARDS

EN388 4X42D EN420

KEY FEATURES

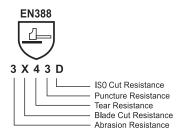

- · Sandy nitrile palm for excellent oily grip and smart touch capabilities
- ISO cut level D protection
- Dura Patch reinforcement protects vulnerable thumb webbing
- Premium 21-gauge liner technology for optimal comfort and dexterity
- · Elasticated wrist for secure fit

MATERIALS

- Nitrile sandy palm
- 21 gauge steel /glass fibre / stretch fit liner

TYPICAL INDUSTRIES

- · Steel & Glass Handling
- Engineering
- Aerospace

MARKINGS

EN 388:2016 is a European standard which specifies requirements, test methods, marking and information for protective gloves against the mechanical risk of abrasion, blade cut, tear, puncture and, if applicable, impact.

BACK OF HAND

The mechanical hazard rating can be found on the glove back of hand, along with the ISO cut level protection rating for ease of selection.
