

# Geo-Fix<sup>®</sup>

## All Weather

# Reigns

## WHEN IT POURS

As the undisputed ruler of the market, Geo-fix is already the trade's favourite paving jointing compound.

Now, new breakthrough formula Geo-fix All Weather solves the perennial problem of applying in wet weather.

### Easier & Faster

Geo-Fix All Weather is ready mixed and can simply be brushed into joints with minimal effort compared to using traditional mortar.

Geo-Fix All Weather can be applied in any weather conditions – even while it's raining!

Geo-Fix All Weather is easily finished by compacting with a pointing tool and used on joint widths of min 6mm and a minimum of 25mm deep.

Geo-Fix All Weather forms a solid joint that resists weed and plant growth, yet is permeable allowing water to escape to prevent ponding.

Available in 14kg packs in Natural Stone, Slate Grey and Anthracite.

The colours shown are as accurate as the limitations of the printing process allow. Please refer to actual product samples before purchasing.

### How to use Geo-Fix<sup>®</sup>

**Step 1**  
Wet entire area to be jointed. Use a hosepipe with a hose nozzle or a watering can with rose.

**Step 2**  
Sweep off the excess pools of standing water.

**Step 3**  
Carefully open the vacuum-packed bag and sprinkle Geo-Fix All Weather Jointing Compound over the area to be jointed.

**Step 4**  
Using a soft brush, push the Geo-Fix All Weather Jointing Compound into the joints at 45° angle.

**Step 5**  
Firmly compact the Geo-Fix All Weather Jointing Compound with a pointing tool, refill and repeat ensuring a fully compacted and topped up joint.

**Step 6**  
Finish the surface decoratively giving a smooth, flat finish with a pointing tool then move onto the next area. Firm compaction is the key to the successful laying of Geo-Fix All Weather Jointing Compound.

**Step 7**  
After application brush off excess with a soft brush, taking care not to brush out any Geo-Fix All Weather Jointing Compound from treated joints. Once cured, sit back and enjoy your new patio.

EVEN  
APPLY IN  
THE WET!
