weeds fast KILLS

**Doff 24/7 Fast-Acting Weedkiller** is a ready-to-use non-selective weed killer spray with pure contact action on all green plant parts. Controls and kills majority of garden weeds on natural paths and around ornamentals, including dandelion, plantain, bluegrass, deadnettle, chickweed, thistle and knotgrass. Works within one day. Seeds or plants can be sown or planted as soon as the liquid has dried. Use all around the garden, paths, beds and borders.

**RISK AND SAFETY INFORMATION**

Read label before use. Keep out of reach of children. If medical advice is needed, have product container or label at hand.

Ireland only: Dispose of contents/container to a household waste recycling centre except for empty containers which can be disposed of by recycling. Contact your local council for details. **To avoid risks to human health and the environment, comply with the instructions for use.** UK Only: MAPP 17882 Ireland Only: PCS 05250

**SAFETY INSTRUCTIONS**

**Protection during/in use:** DO NOT EAT, DRINK OR SMOKE WHEN USING THIS PRODUCT.

**First aid:** After contact with skin or eyes: Wash skin thoroughly with water. Immediately rinse eyes thoroughly with eyewash solution or clean water.

**Environmental protection:** Direct spray away from ponds and other surface water bodies. Apply away from water. Do not contaminate water with product or its container. Do not empty into drains.

**Storage and disposal:** PROTECT FROM FROST. KEEP PRODUCT AWAY FROM CHILDREN AND PETS. KEEP PRODUCT AWAY FROM FOOD, DRINK AND ANIMAL FEEDING STUFFS. KEEP PRODUCT IN ORIGINAL CONTAINER, tightly closed, in a safe place. UK only: Dispose of unused product in its container at a household waste site (civic amenity site). Contact your local council (local authority) for details. Dispose of empty container by recycling. Re-use of empty packaging is prohibited.

**INSTRUCTIONS FOR USE**

FOR USE ONLY AS A HOME AND GARDEN WEEDKILLER

**How to Use:** Shake well and apply Doff 24/7 Fast-Acting Weedkiller directly from the spray bottle, ensuring that target plants are thoroughly wetted. Always ensure the container is stored and carried upright when not spraying. Apply during vegetation period; up to the 10 leaf stage (e.g. dandelion) and/or up to a height of 10cm (e.g. grasses). Do not allow spray to drift onto cultivated plants, as this product destroys all green plant parts. Do not spray in windy weather, at temperatures below 15°C as the effect can be lessened and if rainfall is expected within less than 12 hours after the treatment as effect of the product may be impaired. Re-emergence of affected weeds may occur and repeated applications may be applied at 2-4 week intervals. This product is most effective when applied to small actively growing weeds.

**WHEN AND WHERE TO USE**

Doff 24/7 Fast-Acting Weedkiller is a herbicide with foliar activity against a broad range of weeds. Doff 24/7 Fast-Acting Weedkiller is most effective against small actively growing weeds. In efficacy trials, control of the following weeds was achieved: common dandelion, greater plantain, annual meadow grass, deadnettle, common chickweed, creeping thistle, knotgrass.

**Restrictions:** Caution: To protect terrestrial organisms do not apply this product until large weeds have established and ground cover has reached 25%. To protect aquatic organisms do not apply this product until weeds have established and ground cover has reached approximately 25%. Avoid drift to vegetables and cultivated crops by directing the spray away. Avoid direct spray onto cultivated plants as this product destroys all green plant parts. To prevent spray drift do not spray in windy weather. The effect of this product can be lessened if used at temperatures below 15°C. Rainfall within less than 12 hours after the treatment may impair the effect of the product.

**Other specific restrictions:** The product must not be applied between 18th September and 1st April.

**Crop specific information:**

Crops/Situations	Max. individual dose ml product /m <sup>2</sup>	Max. total dose	Max. no. of applications/yr.	Latest Time of application
Areas not intended to bear vegetation, hard surfaces, unwanted vegetation	100	-	8	-
Ornamental garden plants	100	-	4	-

**Re-entry of treated areas:** Areas treated with Doff 24/7 Fast-Acting Weedkiller can be re-entered immediately after drying of the spray
