MAKES LAWNS GREENER

TREATS UP TO 250M²

SLFA00DPF02

Doff® All Year Lawn Feed is a fast-acting lawn feed containing micro-nutrients to maintain a green lawn and promote strong healthy growth. The feed can be used in wet or dry conditions, on established or newly-sown lawns.

INSTRUCTIONS FOR USE

For best results apply at monthly intervals from March to October, INNER CAP filled to the top = 15ml. Apply with watering-can attached with a fine rose or sprayer.

WATERING CAN WITH FINE ROSE: Mix 4 inner capfuls (60ml) of Doff® All Year Lawn Feed into 9 litres of water and apply evenly over 15 square metres.

SPRAYER: Mix 4 inner capfuls (60ml) of Doff® All Year Lawn Feed into 3 litres of water and apply evenly over 15 square metres. For best results apply at monthly intervals during the period when the grass is growing most strongly.

FERTILISER DECLARATION

EC FERTILISER - NPK fertiliser solution 15-3-3 with micro-nutrients
