# Faithfull Multi-Function Tool Blade Set in Case, 12 Piece

This Faithfull Multi Tool Blade Set includes a selection of the most popular multi-tool blades. The set allows your multi-function tool to carry out a wide range of projects around the home and workshop. Designed for cutting wood and metal, these blades allow access to difficult to reach places. Compatible with many multi-function oscillating power tools. Includes a shim adaptor for cordless machines. Contents: 3 x 22mm Bi-Metal Flush Cutting Metal Saw Blades. Perfect for many flush cutting applications and plunge cutting in plasterboard, the HSS wavy set teeth on this bi-metal blade make it ideal for sawing wood, copper and aluminium pipes, sheet metal, plastics and profiles. 3 x 34mm CRV Flush Cutting Wood Saw Blades. Ideal for quick cutting performance in softwood, plastics, plasterboard, plastic pipes and similar materials, this fast cutting saw blade has a broad range of applications with ground, side set hardened teeth. 3 x 68mm CRV Flush Cutting Wood Side Set Saw Blades. With side set, hardened teeth, this side set saw blade is made for a broad range of applications and is ideal for fine straight cutting in softwood, plastics, plasterboard, plastic pipes and similar materials. 3 x 68mm CRV Flush Cutting Wood Ground Set Saw Blades. For a quick cutting performance in softwood, plastics, plasterboard, plastic pipes and similar material, this ground set saw has a broad range of applications with ground, side set hardened teeth.
