

Faithfull Power Plus (FPPCLIP10R) Rechargeable Clip Light 10W

Faithfull Rechargeable Clip Light with a 10W LED that provides a high light output of 1000 lumens. Three output modes offer extended running times (100%, 50% and 25%). A 360° swivel ball joint allows the angle of the lamp to be adjusted to direct the light exactly where it is needed. The heavy-duty clamp has an opening capacity of 47mm with 80N clamping force for secure attachment to poles, beams etc. Swivel pads adjust to clamp on to square surfaces, and a concave indentation allows attachment to round poles. All clamping surfaces feature a non-marring rubber grip. It can also be used as a freestanding light. Manufactured from heavy-duty PC plastic with an impact-resistant lens and rated at IP65 for water and dust ingress protection. The heavy-duty lithium-ion battery is lightweight but powerful, providing from 3 to 10 hours of continuous light on one full charge. A power bank USB port enables you to charge personal items such as MP3 players and even mobile phones with a compatible lead. This professional quality light is designed for both commercial and domestic use and features the latest LED lighting technology. Supplied complete with USB charging lead. Specification: LED Power: 10W Lumen Output: 1,000 Operating Modes: 100%, 50%, 25% Beam Angle: 120° LED Type: SMD, Colour Temperature: 6500K Battery: 3.7V 2500mAh Li-ion Charge Time: approx. 2.5 hours Run Time: 3-10 hours Power Bank Output: 5V 1A Charging Cable: Type C USB x 1m IP Rating: IP65 Overall Size: 87 x 69 x 177mm
