

XMS (XMS2220CABLE)

Faithfull Open Drum Cable Reel 240V 13A 2-Socket 20m

The Faithfull Open Drum Cable Reel features twin 240V sockets and a thermal overload protection system to prevent overheating damaging the cable when in use. The heavy-duty plastic drum is mounted on a sturdy steel frame with a textured grip for user comfort. Its 1.25mm² cable is fitted with a standard 240V plug. Complies to BS EN 61242. NOTE: All cable reels should be fully unwound before they are used to carry their recommended maximum load. Specification: Max. Load: 3,120W/13A unwound, 960W/4A wound.
