Faithfull Prestige Combination Square Twin Pack

Faithfull Prestige Combination Squares are manufactured from aluminium using computer numerical controlled (CNC) machines. A black anodised finish offers enhanced corrosion protection, whilst the laser-etched scales give outstanding measurement accuracy. Suitable for marking out 45°, 90° and 135° angles. The square incorporates a handy spirit level for accurate 90° horizontal and vertical readings, and a marking scribe located in the stock. A versatile tool for use in both woodworking and metalwork projects. It may be used as an internal and external try square, T-square slide, mitre square, vertical and horizontal level, depth and marking gauge. Manufactured to the highest standards and are covered by a 10-year guarantee. This Twin Pack contains: 1 x 150mm (6in) Prestige Combination Square 1 x 300mm (12in) Prestige Combination Square
