

Faithfull Power Plus (FPPSLWM30)

# SMD LED Wall Mounted Floodlight 30W 2400 lumen 240V

The Faithfull SMD LED Wall Mounted Floodlight has been designed for both commercial and domestic use. It features the latest LED lighting technology, with a single watt LED providing a high lumen light output with the added advantage of a low power consumption and a cool running temperature. LEDs are maintenance free and more resilient to impact damage that can cause conventional halogen tubes to fail if a light is hit or knocked over. Manufactured from die-cast aluminium, the slim style lamp heads have an impact resistant lens and are rated at IP65 for water and dust ingress protection. Mounted on a sturdy wall mounting bracket with a tilt and lock facility, which allows the angle of the lamp to be adjusted, directing the light exactly where it is needed to provide a powerful bright light illuminating the darkest corners of your property. For use as an exterior wall mounted lamp controlled from a manually operated switch. This Faithfull Power Plus SMD LED Wall Mounted Floodlight has the following specification: Voltage: 230/240V LED Power: 30W Lumen Output: 2400 Beam Angle: 120 Colour Range: 6500K LED Lifetime: 50,000 hours LED Type: SMD Cable Length: 0.3m (16cm) (1.00mm<sup>2</sup>)
