

Faithfull (FAIBCS12200)

Bar Clamp & Spreader 300mm (12in) 230kg

The Faithfull Bar Clamp Spreader is made from heavy-duty ABS plastic with a high-tensile steel bar. Easy-to-use, single handed operation. Cushion gripped jaw pads help to protect the workpiece from damage. Tool-free head release allows the clamp to be quickly turned into a spreader, with a trigger operation to release the force, freeing it for adjustment. This Faithfull Bar Clamp Spreader has the following specification: Clamp Capacity: 300mm (12in) Spreader Capacity: 560mm (22in) Clamping Force: 230kg

Capacity	Clamping Force	Spreading Capacity	
300mm	230kg	560mm	-
