

Faithfull (FAISDVDESET8)

# VDE Soft Grip Screwdriver Set (Case), 8 Piece

Faithfull VDE Screwdrivers are manufactured to EN 60900:2004 and individually tested at 10,000V before leaving the factory, guaranteeing a safe working limit of up to 1,000V to provide the maximum level of safety. The screwdrivers feature a two-component, slip-resistant, soft-grip handle with a high quality chrome vanadium steel blade. Each blade is correctly tempered and hardened for high torque and strength. For use on terminal blocks, control cabinets, switches, relays and sockets. Supplied in a durable plastic carry case.

This 8 piece set contains the following screwdrivers: 1 x Phillips : PH1 x 80mm 3 x Pozidriv : PZ0 x 60mm, PZ1 x 80mm, and PZ2 x 100mm 3 x Slotted: 2.5 x 75mm, 5.5 x 125mm, and 6.5 x 150mm 1 x Mains Tester 100-250V 140mm
