WILD BIRD  
FEEDING STATION

Attracts a variety of wild birds

Read all instructions carefully before assembling and using this product. Retain them for future reference and if you are passing this product to a third party, always make sure this documentation is included.

### 1 Intended Use

This product is intended to be used as an outdoor feeder for wild birds. This item is only designed for private use, not for commercial use.

### 2 Safety Information

- Keep children away during the assembly of the feeding station.
- Product contains small parts- choking hazard!
- This product is not a toy. Children should not play with this product.
- Do not climb on, or swing from this feeding station.
- Regularly inspect this product for damages and wear. Check connections and joints and tighten all the fittings if necessary. Do not use if damaged, unstable or unsafe.
- This feeding station should be installed on a stable, level and horizontal surface.
- Choose a location away from predators and larger animals.

### 3 Installation and Location Information

- Install the feeding station on a solid, stable and horizontal surface away from foot traffic and children's play areas.
- Ensure the feeding station is secure to prevent it from falling. Secure to the ground in the best possible way depending on the surface and location.
- Relocate the feeding station from time to time to help to deter predators.

### 4 Disposal

- Please do not dispose of this item with your household waste, instead dispose of the product at your local household waste collection point. To locate the nearest collection point or for more information contact your local authorities responsible for waste disposal.

### 5 Cleaning, storage and maintenance

- To keep wild birds healthy, clean the bird feeding station regularly.
- Clean the surfaces with a slightly dampened, lint-free cloth.
- In the event of severe soiling, use mild cleaning solution or disinfectant, ensure that all stubborn dirt is removed.
- Allow the feeding station to dry completely before storage to avoid mould damage. Store this item in a dry, dust-free place away from direct sunlight or other sources of heat and away from traffic to avoid a tripping hazard.
