

Roughneck (ROU64407)

Gorilla Bar® 610mm (24in)

The Roughneck Gorilla Bar has a low profile claw that fits further under the workpiece for increased prying power and the wider claw surface offers better control whilst resisting sinking into the support surface. Made from drop-forged alloy steel hardened and tempered, with polished tips, and oval shaped for better control and strength. 1 x Roughneck Gorilla Bar 610mm (24in)
