

Roughneck (ROU64644)

Gorilla Pallet Buster 1.10m (43in)

The Roughneck Pallet Buster is ideal for demolishing all types of pallets. Its basic functions are based on the very popular and best-selling Demolition Lifting Bar but with a number of major improvements. Such as a more convenient head-to-handle angle and a longer handle resulting in the need to bend less for ease of operation. The jaw spacing has been increased to work on Euro pallets as well as incorporating a nail remover. Supplied with a double-injected, soft grip handle for comfortable use.
