

Roughneck (ROU11094)

Gorilla Moulding Bar 250mm (10in)

The Roughneck Gorilla Moulding Bar has a wide jaw end, ideal for scraping and prying trim from walls. The head features a striking face allowing the bevelled jaws to be punched deep into the material to pry out embedded nails. Drop-forged hardened and tempered steel construction for extreme strength and durability. It also has polished tips and 2 x nail removers. 1 x Roughneck Gorilla Moulding Bar 250mm (10in)
