FLEXIBLE AND DURABLE FOR UNBEATABLE ROOFING PROTECTION

For peace of mind whatever the weather, choose Black Jack® 905 All Weather Roof Coating for lasting results.

When the weather won't wait, neither should your roof. Black Jack® 905 All Weather Roof Coating is a fibre-reinforced, bitumen compound, developed for waterproofing in all roofing applications. Providing a waterproof barrier almost instantly, it is the ultimate solution to quick repairs when you need it most.

- Instantly weatherproof:** Resistant to wash off for immediate protection come rain or shine.
- Waterproof:** Seals cracks, gaps, and leaks for a flexible, waterproof finish.
- Fibre-reinforced:** Prevents cracking and allows movement of the substrate for long-lasting performance.
- Multi-application:** Use across a range of substrates including asphalt, roof felt, concrete, cement, metal, slate, and tiles.
