Sikaflex® EBT+

Adhesive, Sealant, Filler

BUILDING TRUST

Ideal for:

- **Expansion Joints:** Perfect for sealing expansion and contraction joints in concrete, masonry, and other building materials, accommodating movement without cracking.
- **Facade and Window Sealing:** Ideal for sealing joints between windows, doors, and facades to prevent drafts, water penetration, and energy loss.
- **Metal and Plastic Bonding:** Excellent for bonding metals, plastics, and composite materials in various applications, providing a durable, flexible bond.
