

STANLEY® (STA047316)

Fine Tip Permanent Marker Black (Pack 2)

These Stanley standard black fine tip markers are ideal for electricians, plumber, and general contractors. The ink is quick drying and is ideal for avoiding smudged lines. They can be used for marking copper roofing material, gas pipe, black pipe, wood, and metal and marking tools and equipment. They can be used to colour nuts and bolts that need to be black. Pack of 2 Colour: Black
