

WD-40® (W/D44396)

WD-40 Specialist® PTFE Lubricant 400ml

WD-40 Specialist PTFE Lubricant is a high-performing lubricant with a non-stick PTFE agent that provides enhanced lubrication and protection to keep tools and equipment running smoothly and for longer. WD-40 Specialist PTFE Lubricant reduces wear on components, is easy to use and extremely long-lasting making it ideal for use on components or mechanisms that are exposed to water and other elements.
